

TASK-BOAT OPERATIONS	Satisfactory Completion	NFPA 1006	EVALUATOR: Initial & date upon completion of task
GPS Awareness Level	O		
Safe Boating and Waterways Certificate	O	Boating Council	
FEMA US&R Water Rescue Specialist	O		
Identify the type of vessel (Jon Boat/Rubber Inflatable)			
General Information			
Identify: Bow, Stern, Starboard, Port sides of boat	O	11.1.8	
Identify: Transom, Gunwales, Thwarts, & Sponsons of boat	O	11.1.8	
Demonstrate proper mounting of Outboard to center of transom	O	A.11.1.8	
Demonstrate method for securing mounting screws to transom	O	A.11.1.8	
Demonstrate proper use of outboard motor tether to transom	O	A.11.1.8	
Demonstrate method to raise and lower outboard motor	O	A.11.1.8	
Locate and demonstrate use of outboard position locking mechanism	O	A.11.1.8	
Locate and demonstrate use of ignition, throttle, gear controls	O	A.11.1.8	
Locate and demonstrate use of night running lights	O	A.11.1.10	
Locate and demonstrate filling and use of hard/soft fuel bladders	O	A.11.1.10	
Maintenance and Response Readiness			
Locate, Identify, and inspect scupper drains	O	A.11.1.10	
Locate, Identify, and inspect lower unit gear oil level	O	A.11.1.10	
Demonstrate removal/replacement of Outboard motor cowling	O	A.11.1.10	
Locate, Identify, and inspect spark plugs and wires	O	A.11.1.10	
Locate, Identify, and inspect properly rigged bow and gunnel lines	O	A.11.1.10	
Demonstrate proper pre/post operation Inspection	O	A.11.1.10	

*Code:

O = Task must be completed in a training environment and observed by an instructor

I = Task can be performed on any type of incident or field exercise. (fire, hazmat, flood, search, etc.)

U = Task must be performed on a US&R incident or planned event, not a training simulation

R = Rare event - the evaluation assignment may not provide opportunities to demonstrate performance.
The evaluator may be able to determine skills/knowledge through interview or simulation.

TASK	Satisfactory Completion	NFPA 1006	EVALUATOR: Initial & date upon completion of task
Trailing and Launching Flood Boat			
Demonstrate attaching trailer to tow vehicle	O	11.1.8	
Identify proper water depth required to launch Boat	O	11.1.8	
Demonstrate ability to anchor and tie off	O	11.1.8	
Demonstrate landing and trailering boat post incident	O	11.1.8	
Crew Responsibilities			
Identify US&R Water Rescue Specialist riding position and responsibilities	O	A.11.1.6	
Identify US&R Boat Operator riding position and responsibilities	O	A.11.1.10	
Identify Passenger positions	O	11.1.8	
Identify proper PPE for all members on craft	O	11.1.7	
Identify hand signals used for hazards and safe path of travel	O	A.11.1.8	
Demonstrate how to properly rig the boat for operation	O	A.11.1.10	
Engine Operation			
Identify and install fuel cell, fuel line, primer bulb, and connections	O	A.11.1.10	
Identify ignition and shut-off procedures including dead man leash	O	A.11.1.10	
Identify proper gear/throttle position for starting cold/hot including choke	O	A.11.1.10	
Demonstrate how to start swamped engine	O	A.11.1.10	

*Code:

O = Task must be completed in a training environment and observed by an instructor

I = Task can be performed on any type of incident or field exercise. (fire, hazmat, flood, search, etc.)

U = Task must be performed on a US&R incident or planned event, not a training simulation

R = Rare event - the evaluation assignment may not provide opportunities to demonstrate performance.
The evaluator may be able to determine skills/knowledge through interview or simulation.

TASK	Satisfactory Completion	NFPA 1006	EVALUATOR: Initial & date upon completion of task
Maneuvering Craft Under Power			
Identify responsibilities of crew members when launching in current	O	A.11.1.10	
Demonstrate correct position (attitude) for launching in current	O	A.11.1.10	
Define and Demonstrate “Planing, Plowing, Trolling, and proper Attitude of boat in current	O	A.11.1.10	
Demonstrate ability to make wide turns right and left	O	A.11.1.10	
Demonstrate ability to “Hover” in current	O	A.11.1.10	
Demonstrate ability to use “Ferry Angles” to move river right/left	O	A.11.1.10	
Demonstrate ability to perform “Peel turns” right/left	O	A.11.1.10	
Demonstrate ability to perform “J-turns” right/left	O	A.11.1.10	
Demonstrate ability to perform tight “Figure 8 Turns”	O	A.11.1.10	
Demonstrate ability to safely land boat on shore/river	O	A.11.1.10	
Maneuvering Without Power			
Locate and Identify paddles	O	A.11.15.1.3	
Identify commands used for paddling “turn right/left, back paddle stop”	O	A.11.1.10	
Explain how to use “Ferry Angles” when paddling	O	A.11.1.10	
Self-Rescue/ “Righting a Capsized Boat”			
Demonstrate boat recovery. Beach and bail technique and flipping	O	11.1.10.B	
Identify properly stowed “Flip Lines”	O	11.1.10.B	
Explain procedure for crew to get onto capsized boat and right the boat using flip lines	O	11.1.10.B	
Explain procedure for starting engine after submerged	O	11.1.10.B	
Explain procedures for crew to self-rescue back into boat	O	11.1.10.B	

*Code:

O = Task must be completed in a training environment and observed by an instructor

I = Task can be performed on any type of incident or field exercise. (fire, hazmat, flood, search, etc.)

U = Task must be performed on a US&R incident or planned event, not a training simulation

R = Rare event - the evaluation assignment may not provide opportunities to demonstrate performance. The evaluator may be able to determine skills/knowledge through interview or simulation.

TASK	Satisfactory Completion	NFPA 1006	EVALUATOR: Initial & date upon completion of task
Rescue Operations			
Demonstrate ability to safely retrieve a person from port/starboard sides of boat. Water Rescue Spec./Boat Operator responsibilities	O	11.1.9	
Demonstrate ability to safely retrieve a person from a fixed object. Water Rescue Spec./Boat Operator responsibilities	O	11.1.9	
Demonstrate ability to safely retrieve a person using throw bag from boat. Water Rescue Spec./Boat Operator responsibilities	O	11.1.6	
Demonstrate ability to safely deploy a “Water Rescue Spec.” from boat. Tethered and free swimmer. Crew responsibilities	O	11.1.6	
Demonstrate ability to move a stranded vessel to safety	O	11.1.10.B	

*Code:

O = Task must be completed in a training environment and observed by an instructor

I = Task can be performed on any type of incident or field exercise. (fire, hazmat, flood, search, etc.)

U = Task must be performed on a US&R incident or planned event, not a training simulation

R = Rare event - the evaluation assignment may not provide opportunities to demonstrate performance. The evaluator may be able to determine skills/knowledge through interview or simulation.
